

## Medica Provider Search

To access Medica's provider directory please visit their website at:

<https://www.medica.com/find-a-doctor>

Keep in mind, Health Partners, Park Nicollet and Mayo providers will not show up on the link as they are considered out of network. However, on the Group Medicare plans, in and out of network providers are treated as in-network as long as the provider accepts Medicare assignment. Below is a link to Medicare's website to verify Medicare contracted providers.
